## CODER DOJO

---

CREATIVITY  
WORKING WITH OTHERS  
LEARNING FROM EXPERIENCE

CoderDojo is an open source, volunteer led movement oriented around running free not-for-profit coding clubs (Dojos) for young people. At a Dojo, young people between 7 and 17 learn how to code, develop websites, apps, programs, games and much more.

## DIVERSITY AND TEAM WORK

---

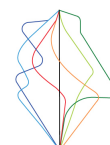

WORKING WITH OTHERS

To do work in teams is a classic example of working with others. In today's world it is even more important to highlight the importance and benefit of diversity in teams, which educators should focus on by bringing very different people together to work on a project. The project is then judged for the entire team and if their shared objective has been conceived together if the team is accountable to each other.
